Product Specifications & Selection Options

GTP Article ID: GTP_BM_013
 Period covered: 2017-2020

Due to data restrictions and limitations in the database deployed for benchmark, in some countries the number of observations could be too small for the application of the benchmarking process with screening, interquartile statistics, and arm's length range. In such a situation, we will propose the appropriate turnaround and/or withdraw from the sales contract with you.
